SAY YES TO NATURAL MATS

Welcome to our YES initiative, where we encourage yoga studios to say YES to a natural, organic jute yoga mat.

We recommend this mat for a yoga studio that prioritizes quality over quantity and aims to elevate the atmosphere among its students with a light weight, non-slip and sustainable yoga mat.

By saying YES, you're not just choosing a yoga mat – you're choosing sustainability and joining a community dedicated to caring for both the planet and human well-being.

We invite you to align with our values of well-being, community, and conscious living.

Welcome to the M.E.M Community.
